

## **City Schools Back-to-School Virtual Supply Kit List**

We welcome our community and business partner organizations to support students with getting prepared for NorthBay Academy which will begin September 28, by organizing supply drives. We are asking each partner organization to provide at least 50 supply kits with a total of 250 kits need. Kits can be delivered directly to NorthBay Academy or one of the participating City Schools. The supply drives will continue through the month of September, if your organization prefers to provide supply kits after school starts. To register your organization or for suggestions on coordinating your virtual drive, please contact [NorthBayAcademy@NorthBayAdventure.org](mailto:NorthBayAcademy@NorthBayAdventure.org)

We want to make sure our students have what they need to start this new virtual school year strong! Join Us Today!
